

CHILD NUTRITION Newsletter

Reimbursable Meals

All meals taken by students must be a reimbursable meal. We are reimbursed by USDA for every reimbursable meal we serve. Milk may be purchased for \$0.50 to compliment a meal from home. Milk can not be considered a reimbursable meal alone. However milk paired with fruit and/or vegetable milk will be provided at no cost.

This month we will have **local apples, nectarines, and pluots.**

Menu Updates

We are still experiencing food shortages this year. Weekly Notification will be sent out as needed.
