

Senior Project Briefing

Lesson Length: 1 Ram Prep Period

Objectives:

Continue to improve the student's ability to give oral presentations.
Produce a visual aid for the briefing that is easy to make and add value to the briefing.
Produce a powerpoint to explain senior project proposal.

Materials needed:

Each student must prepare a powerpoint.

Discussion:

Prepare an oral presentation 3-5 minutes in length to present to the class.
Briefing is established along the lines of the final briefing this spring to the community.
Introduction includes information about yourself (tell us about yourself). Remainder of the time is spent explaining what project student selected, why they selected the project, and in general how they will complete the project.
